The successful independent contractor will apply their expertise to review and analyze information collected from the insurance industry. The main objective of the study is to assess the cost drivers affecting Alberta's automobile insurance industry, including, but not limited to:

- Bodily injury claims;
- Vehicle damage claims;
- Vehicles theft; and
- Administrative costs.

Information gathered from the claims and costs study will assist government in maintaining a fair, accessible, and sustainable insurance market for Alberta.

The Claims and Costs Study is expected to be completed by the end of December 2019.
